

Tous les mots de 2 à 9 lettres avec K (2016)

(jfb ods 7)

Les verbes sont marqués +. Seuls figurent les participes passés, les infinitifs et certains radicaux: ex: LOCKOUT+, LOCKOUTE+ et LOCKOUTER+

Les mots invariables sont indiqués par un slash /. Pour ne pas encombrer, les mots à finale S,X,Z ainsi que U, AL, qui ne prennent pas de S final ne sont pas indiqués par un slash. Les exceptions des mots à finale S, U et AL qui prennent un S final sont précisés par ,s: exemple KARBAU,s,x.

Les rallonges finales sont indiquées par une minuscule à la fin du mot. Les rallonges finales du féminin sont matérialisées par 2 points.. Ainsi COKEUR qui est un nom exclusivement masculin n'est pas suivi de 2 points contrairement à de nombreux mots en EUR tels que KOTEUR..., HACKEUR... etc.

L'astérisque * mentionne l'existence d'au moins une anagramme au mot tel qu'il est orthographié (sans conjugaison, ni pluriel, ni féminin par ex.).
